K-JC 503

The K-JC 503 is our most compact mobile jaw crusher, providing an ideal solution for construction companies and contractors who want to recycle their construction and demolition waste onsite. Equipped by tracks and radio remote control, they directly reutilize the crushed material, avoiding transport costs.

Le K-JC 503 est notre concasseur à mâchoires mobile le plus compact, offrant une solution idéale pour les entreprises de construction et les entrepreneurs qui souhaitent recycler leurs déchets de construction et de démolition sur place. Ils réutilisent directement le matériel concassé en évitant les coûts de transport.

La K-JC 503 es nuestra trituradora de mandíbula móvil más compacta, que proporciona una solución ideal para empresas de construcción y contratistas que desean reciclar sus residuos de construcción y demolición en el sitio. Equipados por pistas y control remoto por radio, reutilizan directamente el material reciclado, evitando costos de transporte.
